

## SPECIAL RULES FOR EVENT

**E-5-d** The epirb must be coded for the ongoing year in the name of the boat and the owner. The epirb cannot be transferred from another boat or to another boat without adapting the MMSI number.

**E-5-e** The epirb and the batteries must be valid for the duration of the event.

### E-6 - WHITE FLARES

**E-6-a** Four white signal hand flares are compulsory.

**E-6-b** They must be stored near the hatchway and be accessible both from inside and outside the boat.

### E-7 - SURVIVAL SUIT

A survival suit waterproof thermal protection (permanent wearing) per crew, in accordance with at least the standard ISO 15027-1, category A, guaranteeing a minimal thermal protection of 0,75 clo immersed. These indications must be resumed on the label of the manufacturer.

### E-8 - RADAR REFLECTOR

A radar reflector with the lowest point at least 4 metres above the sea level shall be provided.

A passive Radar Reflector (that is, a Radar Reflector without any power) shall be provided. If a radar reflector is octahedral it must have a minimum diagonal measurement of 456 mm, or if not octahedral must have a documented RCS (radar cross-section) of not less than 10 m<sup>2</sup>.

### E-9 - SAFETY EQUIPMENT

SAFETY MATERIAL	Day race	Race with no leg of more than 300 NM	Race with at least one leg of more than 300 NM	Race with at least one leg of more than 1000 NM
LIFERAFT such as defined in article E-2-a	yes	yes	yes	yes
Floating knife close to the liferaft	yes	yes	yes	yes
